HOMECONTROL*FLEX*

YOU INSTALL SECURITY
YOUR CUSTOMERS INTEGRATE THEIR LIFE

INTRODUCING HOMECONTROL*FLEX*

Telguard Interactive is being upgraded to a new interactive service offering, HomeControl Flex, at no additional cost to you. HomeControl Flex, now available with the Telguard TG-1B, TG-1 Express and TG-4 universal communicators, allows your customers to integrate over 200 smart home products and web services with their security system using the free Internet of Things (IoT) services of IFTTT.

Join Brian Dotson, Telguard sales representative, and learn all about HomeControl Flex and the entire portfolio of Telguard products and services to boost your RMR.
